But we wish to state in the most positive, emphatic manner that Hood's Sarsaparilla does cure scrofula in every form. The most severe cases, too terrible for description, have yielded to this medicine when all others failed. If you suffer from impure blood in any way, take Hood's Sarsaparilla.

Christian county has once more gone Democratic by an increase majority over a combination including all of the enemies of the party and a good many deserters.

True to her pledge the county comes up smiling with nearly 700 majority for Ellis, and Hopkinsville was swept clean, even the "Bloody Fourth" being carried by 13 votes. It was a glorious day's work and we have elevated a Democratic roster to let him make a few remarks appropriate to the occasion. It will also be learned from other columns in to-day's paper that "As goes Christian county, so goes the Union."

NOTES BY THE WAY.

The campaign was closed by a joint discussion at the Court house Monday night between Messrs. Ellis and Bourland. Capt. Ellis fairly skinned his opponent and set the crowd wild with enthusiasm. He showed up Bourland's rotten record and false pretenses until his hearers were filled with pity for the man. When he tried to reply he was badly hacked and made a flat failure. Among the remarks made were some concerning Dr. Clardy and the Democratic newspapers, that showed Mr. Bourland had been hit and hit hard in his tender places. Ellis' speech greatly strengthened him, as it was his first speech here during the campaign.

Bainbridge was a Democratic majority of 100 ought to look at Republican Bellevue and hide her head in shame.

Matt Cayce, the Beverly committeeman, is a wheel horse and in Edgar Cayce and Lucian Cayce he has two splendid lieutenants. They brought in a big majority of 55, although the district has always been Republican.

Newstead went for Bourland by a few votes and Union and Longview were lost by a scratch. These were the only breaks from Mt. Vernon around to Bellevue.

In the eight North Christian districts Bourland got 791 and Ellis 190 votes. When the vote is analyzed it will be found that not 300 Democrats in the county bolted their ticket.

The boys in Hopkinsville feel proud of their work. A majority of 457 when the Republican majority is 300 is something to brag about. A part of the credit, however, must be given to the better class of Republicans, who as a rule voted for Ellis or did not vote at all.

The defeat of Bourland was not a defeat for the Farmer's Union, for the reason that Bourland was not nominated by the order and had no claims on the membership. He was simply a concealed trickster who conspired with soreheads from both parties to disrupt the Democratic party. The scheme failed and Mr. Bourland has gone to make the late Daniel McGinty a lengthy visit.

At the age of thirteen my son became afflicted with chronic diarrhoea, caused by scrofula. I gave him Bull's Sarsaparilla and it cured him. I recommend it especially for scrofula, fever, sores and general debility. The cure I have known it to make in some cases seemed almost miraculous. Jennie Johnson, Benton Barracks, Mo.
